To Protect your Product Integrity

Our customers go to great lengths to build top-of-the-line coolers, freezers, foodservice equipment, industrial enclosures and delivery vans. Our goal is to preserve your product integrity by providing the highest quality door hardware and accessories for both original equipment and replacement applications.

End users need to protect products and processes, and lower operating costs. Their first line of defense is stable, airtight enclosures with doors that open with ease and close securely.

Since 1926, Kason has promised and delivered just that. Kason’s extensive lines of walk-in and reach-in door hardware satisfy the most demanding requirements. Demonstrate the value of your products with the most innovative, dependable and longlasting hardware in the business.

Research and Testing

Every Kason product must fulfill our customers’ requirements. Before we develop a new product, we research the needs of both our industry and end users. We are never satisfied with the status quo. Our dedicated research and development staff continually search for pioneering design concepts. They insist on engineering integrity, extensive product testing and precise, in-line quality control. That is how we have developed such successful and trustworthy products as SafeGuard® inside releasing safety latches, Pacesetter handles and hinges, stainless steel hinges and latches and truck door handles with removable cylinder locks.

Creative Concepts

Leading equipment manufacturers turn to Kason when they want a unique look of their own. We will adapt a stock product, design custom hardware or partner with your design engineers to develop a signature appearance just for your products. Building special and customized hardware is routine at Kason.

Quality

Kason production facilities boast state-of-the-art installations, featuring fully automated die casting, polishing and electroplating, as well as a full range of electronically controlled and robotic machinery. We require the finest raw materials, accurate machine tolerances and the highest level of Finishing. Skilled, experienced people maintain the Kason tradition of production excellence. Our unrelenting commitment to superior manufacturing assures you consistently high quality products at the lowest possible cost. Quality assurance is integrated into every step of Kason operations to from engineering research and development through packaging and shipping.

Service

The lifeline to all your foodservice needs is our efficient and friendly Customer Service Department. A representative can quickly track product availability or the status of your order with our computerized inventory and order control system. Count on dependable global delivery as we serve you from Kason distribution centers in the continental United States and Canada as well as through authorized distributors throughout the world.

Our Promise

Satisfying your needs is our top priority. That is why Kason supplies you with hardware and accessories that reflect the same quality you demand in your own products. We strive to demonstrate an attitude that makes you want to do business with us. At Kason we offer a tradition of excellence, a philosophy of innovation and the most trusted name in specialty commercial hardware.

0535 Series Roller Grip (Doors/Drawers)

- Kason Original – the standard for concealed latching on doors and drawers
- Tapered strike assures complete closure
- Strike adjusts up/down or side to side
- Use on doors and drawers

Specifications

Material

High pressure die cast zinc tongue housing and strike; nylon rollers

Finish

Polished chrome

Mounting

Tongue housing drilled and countersunk for No. 10 (5.0 mm) screws. Strike has slotted screw holes

0520 Series Extra Heavy-Duty Drawer Slides

- #300 series, 14 GA stainless steel slides
- Stainless steel or Delrin rollers with stainless steel ball bearings and screws
- Height is 2-7/16" (62 mm)
- Side mounting with simple installation and removal
- Full travel drawer extension for easy access
- Slides stay in position even when drawer is removed
- (8) ball bearing assemblies included; additional rollers may be ordered separately
- Meets sanitary code requirements

Part No.	Description	Length	Qty./Carton	Wgt./Carton
6052000001420*	SS Rollers	20" (508 mm)	5	19.9 lb (9.0 kg)
6052000001422*	SS Rollers	22" (559 mm)	5	21.4 lb (9.7 kg)
6052000001424*	SS Rollers	24" (610 mm)	5	23.7 lb (10.8 kg)
6052000001426*	SS Rollers	26" (660 mm)	5	24.8 lb (11.2 kg)
6052000000520	Delrin Rollers	20" (508 mm)	5	17.5 lb (7.9 kg)
6052000000522	Delrin Rollers	22" (559 mm)	5	19.1 lb (8.7 kg)
6052000000524	Delrin Rollers	24" (610 mm)	5	21.4 lb (9.7 kg)
6052000000526	Delrin Rollers	26" (660 mm)	5	22.5 lb (10.2 kg)
605200000002	Accessory Pack, 8 Sets of SS Rollers w/ Screws and Washers		8	
605200000003	Delrin Roller with Screws			
605200000012	Accessory Pack, 8 Sets of SS Rollers w/ Screws		12	8.5 lb (3.9 kg)

Note: To determine maximum length, measure from inside face to far rear of drawer.
 *Black rubber bumpers and welded end caps

0521 Series Two-Rail Drawer Slides

- Cold rolled steel is zinc plated with clear chromate finish
- Light-duty: Up to 75 lb (34 kg) load capacity based on 18" (457 mm) slide length
- Side mounting
- Drawer extends length of slide less 4-1/4" (107 mm)
- Drawers and rails are easily removed
- Feature positive stops and finger-tip release

Part No.	Length	Qty./Carton	Wgt./Carton
6052100001312	12" (305 mm)	10	12 lb (5.4 kg)
6052100001314	14" (356 mm)	10	13.3 lb (6.0 kg)
6052100001316	16" (406 mm)	10	13.8 lb (6.3 kg)
6052100001318	18" (457 mm)	10	14.3 lb (6.5 kg)
6052100001320	20" (508 mm)	10	15.4 lb (7.0 kg)
6052100001322	22" (559 mm)	10	17.8 lb (8.1 kg)
6052100001324	24" (610 mm)	10	20.8 lb (9.4 kg)
6052100001326	26" (660 mm)	10	22.12 lb (10.0 kg)
6052100001328	28" (711 mm)	10	25.2 lb (11.4 kg)

Note: To determine maximum length, measure from inside face to far rear of drawer.

0523 Stainless Steel Drawer Slides

- Medium-duty slides designed for up to 150 lb drawer capacity
- Side mounting; 9/16" (14 mm) clearance
- Drawer extends length of slide minus 4-1/4" (107 mm)
- Finger tip release permits drawer to be fully removed without tools
- Easy installation

602600000012	Accessory Pack, 8 Sets SS Rollers with Screws	96	26.9 lb (12.2 kg)

Note: To determine maximum length, measure from inside face to far rear of drawer.

Drawer Slides Rollers and Wheels

1. Solid Delrin or Stainless Steel Ball Bearing Rollers

Complete with removable stainless steel threaded fastener

2. Stainless Steel Ball Bearing Rollers

- #300 Series stainless steel with hardened ball bearings
- Provided threaded fastener

3. Molded Plastic Wheels

- Double row ball bearings with stainless steel balls
- Anti-contamination shield
- Plated steel bushing, 1/4" (6 mm) I. D.
- Quiet, non-marking action

4. Stainless Steel or Zinc Plated Steel Wheels

- All metal construction
- Heat-treated inner and outer raceways
- Use with 1/4" (6 mm) diameter rod for drawer slides and conveyor assemblies
- Other styles available

1 - 2

- Heavy-duty, sanitary, #304 stainless steel
- Welded construction with cross brace for extra strength and durability
- 16 GA. stainless steel front
- Furnished with a removable stainless steel or plastic pan for easy cleaning
- Cylinder locking and non-locking models
- 200 lb load capacity per drawer
- Integrated pull handle on full extension drawer for ease of use and pan removal
- Ready to install with pre-drilled, slotted mounting holes
- Two sizes: 15" x 20" and 20" x 20" to fit most cabinets

Stainless Steel Drawer Pans

- Heavy 18-8 stainless steel construction with satin finish
- Two sizes available
- Meet NSF criteria
- Use in food warmers, drawers, foodservice tables, coolers and freezers
- 3" thick 22 gauge

Heavy-Duty Thermoplastic Drawer Pans

7102-4115/7102-4120/7102-4215/7102-4220

7102-4221

- Three popular sizes
- Light wgt./carton and sanitary
- Smooth inside, textured outside
- Full flange and coved corners
- 3/16" thick
- ABS material, gray

7509 Soap Dispenser

- Ideal for all types of vanity and countertop mounting
- Less than 5 lb of force required to activate pump
- 3" spout length, 11" overall height
- Capacity: 13 fluid ounces

Part No.	Description	Qty./Carton	Wgt./Carton
67509002786	Soap Dispenser	25	11.65 lb (5.28 kg)

Specifications

- Material(s)**
Polished chrome plated brass housing
- Mounting**
Concealed mounting assembly

- Fold down when not in use
- Two-piece lift-off assembly
- Shelves easily removed for cleaning
- Smooth, trouble-free operation
- Supports 250 lb (113 kg) dead wgt./carton using a 10" (254 mm) shelf with pair of brackets mounted 24" (610 mm) apart

Operation

A/B/D

To lower shelf: lift slightly, pull out and pivot down to folded position.

To raise shelf: lift slightly and shelf will lock into place.

C

To lower shelf: pull out and pivot down to folded position.

To raise shelf: lift and push inwards to lock shelf into place.
