

1826 Intelli-Vent® Multi-Functional Pressure Relief Port

Part Number: 11826000004

FEATURES

- Dual port vent provides greater airflow so doors open/close easier and faster
- Always-on LED light provides energy efficient security
- Aluminum louver acts as a heat sink for LED, thus preventing ice buildup
- Eliminates the need for an additional heating element and electrical run
- Integrated electrical junction box provides option to bring power into the vent from the front vs. inside the wall

MATERIALS

- Housing: Polycarbonate
- Heat sink: Die-cast Aluminum
- ACC Cover: Die-cast Aluminum
- Lens: Polycarbonate
- Hardware: Stainless steel

DESIGN CRITERIA

Power

- 11W, 120-277 V, 0.09 A, 50/60 Hz

LED

- Output: 1000 Lumens, 91 Lumens/Watt
- Color temperature: 4000k

Part No.	Description
11826000004	Dual Port Vent Light
118260000M4	Dual Port Vent Light w/ Motion Sensor
11826001901	Motion Sensor, 120/277 Volt
91826004070360	Tube Extension for 5 to 6" Wall

Inside Walk-In

Outside Walk-In

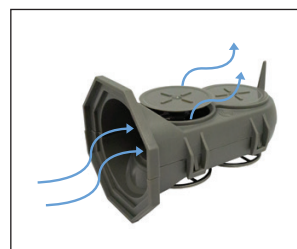

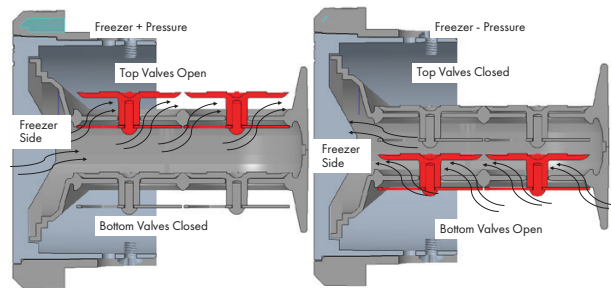

Hands-Free Motion Sensor

U.S. Patent No. 10,731,912; 10,739,055; 10,845,115,B2

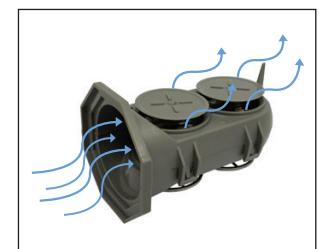

Electrical Junction Box

Kason® Intelli-Vent® Dual Airflow Design

Intermediate Flow

High Flow
